APRIL

asparagus

Michigan's springtime climate is the perfect growing condition for asparagus, and the state harvests nearly 11,000 acres of the prized vegetable every year.

watermelon radishes

With a creamy white exterior and an interior flesh of pink and magenta circles, these radishes have a mild, slight peppery taste and a faint almond-like sweetness.

Vidalia sweet onions

Georgia's state vegetable thrives in early springtime, and is officially scheduled to ship beginning April 15th.
